August 1, 2023

Dear Valued Producer,

River Valley Cooperative (RVC) is excited to announce our 2024 Production Ag Financing Programs in partnership with Cooperative Finance Association (CFA®).

0% is back! All 2024 CFA loans will be 0% fixed until January 31, 2024.

Our members have two competitive options from February 1st until December 31, 2024.

CFA loans have a \$600,000 limit, with a maturity date of March 15, 2025.

Enclosed is a prefilled 2024 Simpli-Fi by CFA® Application. Please complete the Total Assets and Total Liabilities, sign them, and return them to your account manager or me. Electronic applications are available with DocuSign if requested. If you have a CFA® login, you can sign up through the website.

Utilizing these programs is a great way to lock in early discounts and save interest. We appreciate your business and look forward to working with you in 2024!

Ask your account manager or me the next time you see us about the great interest rates you can receive by utilizing John Deere Financial on select chemicals.

Sincerely,

A handwritten signature in black ink that reads "Chris Green".

Chris Green
